

Announcing

- Garden of Eternity
- Single and Double Niches
- Private Family Benches
- Scattering Area
- Payments Available

We are happy to announce the installation of our new 72-unit cremation columbarium. This new area will continue to be developed to serve the needs of our cremation families. Call us today and learn how you can package your cremation services with payments backed by insurance.

Final services can be paid over time on a monthly basis. Service costs are guaranteed for the future, and in the event of premature death.

We are the only facility in Schuylkill County to offer funeral and cremation services, along with a final resting place. This provides convenience and reduces costs for our families.

Christopher R. Grabowski
Supervisor

We would like to extend a Happy Spring to our families and friends. For decades our family has been dedicated to our neighbors in Schuylkill County. We appreciate the trust that has been bestowed upon us by the families that we serve. We Thank You for your continued trust and support.
